

## Dual Admission

Students at participating Kentucky community colleges can be admitted to Morehead State University while attending the community college. Students need to only apply for admission once. Interested students may contact the admission offices at the community college and request that their admission information be forwarded to the Office of Admissions at Morehead State University. Participating students are assigned an academic advisor at the University. Students will be locked into a catalog year for an academic program, subject to changes in program requirements. Morehead State University cannot be responsible for guaranteed transferability when curricular changes are made by agencies outside of the University. Students must have a minimum 2.0 GPA and at least twenty-four hours of transfer credit or they may be subject to the Kentucky Pre-College Curriculum. Students who do not meet the above criteria will be considered on an individual basis. Also students may need to take the ACT for admission to certain programs at the University.
